Located on Calle Real, one of the most emblematic streets in **Estepona**'s historic center, Alma Real 140 offers a Mediterranean lifestyle just 50 meters from the sea. This exclusive building comprises only six apartments, where architecture, proportions, and ambiance define the living experience.

A sculptural façade lends a contemporary Mediterranean character to Calle Real, where soft, organic forms create a subtle interplay of light and shadow. Elegant and understated, Alma Real 140 is designed to convey a timeless and distinctive feel.
More than just a commercial space, **The Alma Space** is conceived as a carefully curated extension of **Alma Real 140**: a refined ground-floor space dedicated to art, design, wellness, and creative expression, enriching both the character of Calle Real and the building's identity.
