Some homes impress at first sight. Others leave a lasting emotion. [DUNE](#) belongs to the latter.

Set within the most exclusive enclave of **La Reserva de Sotogrande**, this exceptional villa, designed by ARK Architects, is the result of a vision where architecture enhances life while respecting the natural landscape, Mediterranean light and the passing of time. Rather than simply a residence, DUNE has been created as a place to experience every day with meaning and beauty.

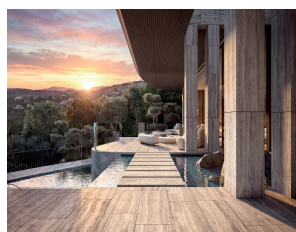

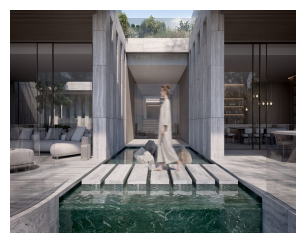

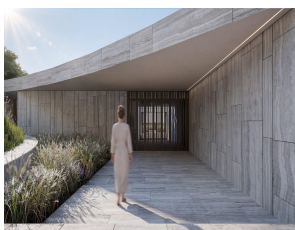

At Miguel Properties, we believe true luxury goes far beyond exceptional finishes or impressive dimensions. Real luxury is waking up surrounded by nature, enjoying slow family breakfasts filled with Mediterranean sunshine, watching the sunset from your infinity pool, and giving your children the opportunity to grow up in an environment defined by peace, privacy and wellbeing. Every element of DUNE has been designed to create a sense of calm. Architecture gently blends into the landscape, allowing gardens, terraces, water features and natural light to become part of everyday living. Indoor and outdoor spaces flow effortlessly together, creating a home that celebrates family life, unforgettable gatherings and moments that become lifelong memories.

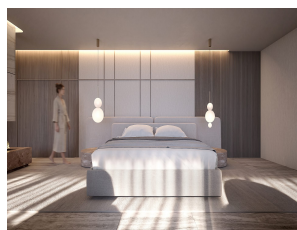

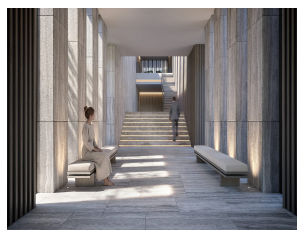

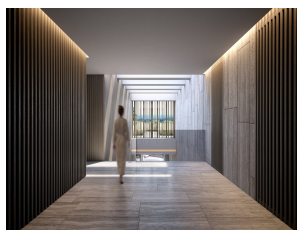

Located in the heart of La Reserva, DUNE offers access to one of Europe's finest lifestyle destinations. Championship golf courses, the renowned Sotogrande International School, world-class sports facilities, The Beach Club, wellness experiences, fine dining and exclusive leisure amenities are all just minutes away, making everyday life feel like an endless holiday.

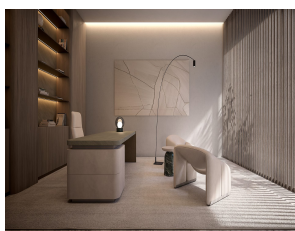

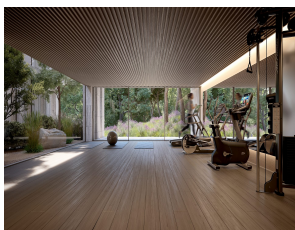

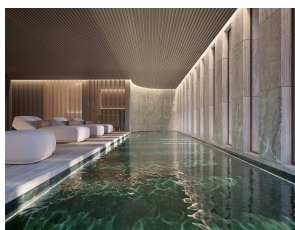

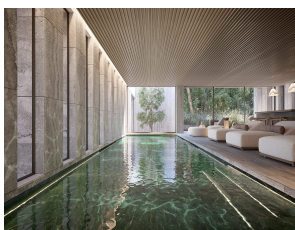

Occupying a plot of more than 4,500 sqm with approximately 1,825 sqm of built space, the villa features seven luxurious suites, an impressive wellness area with indoor pool and spa, a spectacular infinity pool, lift, four-car garage and an intelligent layout that balances privacy with effortless family living.

Every detail has been carefully considered to create a home that is sophisticated, comfortable and timeless.

At Miguel Properties, we understand that exceptional homes are not chosen solely for their architecture or their location. They are chosen because of how they make you feel. DUNE is a place where contemporary design embraces nature, where luxury is expressed through serenity rather than excess, and where every new day becomes an invitation to enjoy life's most meaningful moments.
