ICON

The Marina

Nor should we forget to mention other quality sports facilities such as Puerto Deportivo Sotogrande and Marina de Sotogrande for lovers of sailing and water sports, which has the Royal Maritime Club of Sotogrande among its excellent facilities.

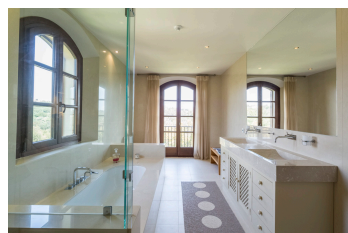

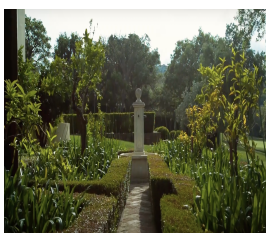

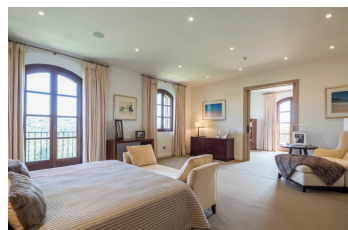

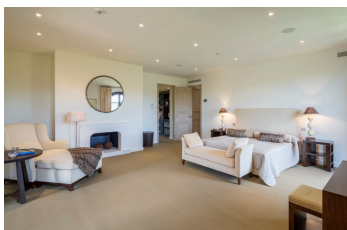

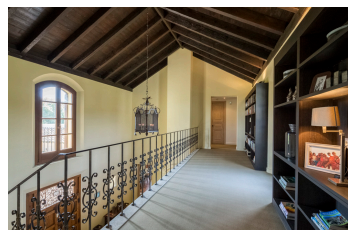

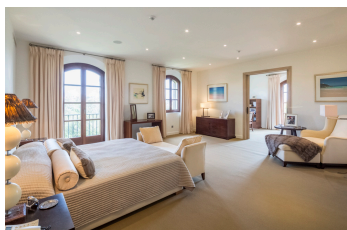

The project of a marina was drawn from the beginning of the urbanization, although it would not be until July 1987 when it was inaugurated.

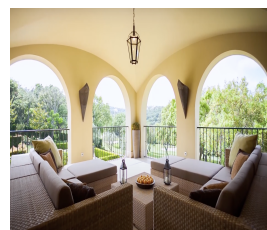

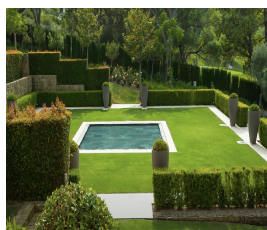

Since the beginning of the Urbanization of Sotogrande, the idea of building a “Little Venice” – a marina with artificial islands, to which end Sotogrande S.A. acquired the appropriate land on the left margin of the River Guadiaro Estuary.

Later at the beginning of the 90's it was decided to build a small lake city with luxury apartments on islands and banks, which is what can be seen today in the area of the Marina de Sotogrande.

La Marina is also very well-known for it's entertainment and nightlife as there are many fine restaurants, trendy bars and cafes, perfect located for many luxury yachts berthing there.
