Luxurious homes near the La Cañada Golf Club in La Reserva de Sotogrande make up La Finca by Kronos Homes. A place where a discreet and safe family atmosphere reigns with views of the sea, the golf course and the Rock of Gibraltar.

Topographic and landscape integration are the hallmarks that Rafael de La-Hoz has materialized in the architectural complex of La Finca.

Large panoramic rooms open up and embrace the horizon as another constructive element. The sea and light are the protagonists, supporting the homes and providing them with the light and views that give meaning to the project.

The nature of the gardens and the beauty of the surroundings merge with a white architecture that reinterprets the Mediterranean house with design and material.
